

- ENQUIRY ABOUT RESULTS APPLICATION FORM -

SUMMER 2022

An enquiry about results:

This is a review of the original marking to ensure that the agreed mark scheme has been applied correctly and is available for externally marked components only. The fees listed overleaf are per component and not per subject. Often there are three components per subject so students will need to decide which to have re-marked or whether to have all re-marked. Remember, marks can go up, down or stay the same. Once marks have been changed, the decision is **final**. There is always the danger that additional marks will be awarded to one script and marks reduced on another resulting in no change to the overall marks/grade. Where a change to the overall subject grade occurs, a refund of fees paid will be given. However, if separate applications for the same subject are submitted, refunds will only be given for the application that resulted in a grade change. We encourage students to seek advice from subject staff where possible **before** deciding on a re-mark.

IMPORTANT – PLEASE WAIT UNTIL AFTER 1ST SEPTEMBER 2022 TO SUBMIT NON-PRIORITY APPLICATIONS
